

The image features three 3D-rendered cylinders, resembling stacks of coins or data disks, arranged in a triangular formation. The central cylinder is in the foreground, while two others are positioned behind it to the left and right. Each cylinder is divided into five horizontal segments by dark lines. The text 'KB' is prominently displayed in a large, black, serif font, centered over the top of the middle cylinder. The entire scene is set against a plain white background with soft shadows beneath the cylinders.
